

Angels are created spirit beings their duties are to worship & to serve God They are a company created to minister to the heirs of salvation There are two classes of Angels the elect & the fallen The Bible opens with & ends with Angels Gen 3:24 Rev 22:16 (Revelation 72 times between 1:1 & 22:16)

Have you ever heard a message on Angels or demons? Why not? 1 We are ignorant of their existence 2 We don't understand the Spiritual realm & so not taught it 3 Pastors have never experience Angelic encounters 4 It's not a popular topic so easier to avoid it

There is a renewed interest & understanding today like never before We need to partner with these heavenly creatures in this last days in order to see the enemy defeated The Church to its peril has neglected to function to its full potential because its ignored these God given assistants whom are available to us To assist us at any time, any place to minister to us, to enable us to extend & establish His Kingdom We are going to need everything God has given us, to bring about victory & overcome the deceit, lies & attacks on Gods people in this coming hour We are partakers on the field involved in the game not on the bench keeping it warm

We are not looking at the fallen angels as this is a full teaching on its own

MY EXPERIENCE WITH ANGELS

Some years ago we had a car accident on the motorway coming back from a Christian Conference As we were travelling in the lane closest to the opposite direction lane a car came over the medium strip heading toward us apparently according to witnesses the car should of taken us out but suddenly the car dipped hitting the front drivers front corner of our car Causing me to be pinned in the car only to get out with a chipped ankle bone A police officer on a bike directed traffic & saw we were ok Then disappeared prior to a police car arriving When we asked about the motor cycle officer which after checking their was no one by their name An angel we believe

Recently I asked God after reading about Angels that I wanted an Angelic counter I had my first encounter as I was praying outside A huge being appeared to me Then I had a stomach issue & I asked God to send His angel to minister to my severe pain I immediately believe an Angel appeared telling me to take some mouthwash & my pain dissipated It was obedience rather than the product Also in several meetings I have seen Angels on one occasion touched my wife & I saw him do it Awesome

I decree now, that the heavens be opened & angels be released, as God has commanded, I loosed Angels to ascend & descend, to the gates of Heaven on our behalf I loosed Angelic protection over the lives & assignments of God's chosen I decree that Angels will connect us, to our destiny move forward & the destiny Angels, will be with us I decree that Angels will connect us, to our destiny & people who will help

us along the way, I loose Angels of prosperity that destiny & purpose minister to us in this season (Jennifer Le Claire)

I'd like to acknowledge the following Tim Sheets, Lester Sumrall & Jennifer Le Claire teachings)
